

**PPPMB (Geneva) Seminars Fall 2017**  
 Tuesdays, 3:30 (Coffee @ 3:15)  
 A134 Barton Lab (unless otherwise noted)

<b>Seminar Date</b>	<b>Speaker / Affiliation</b>	<b>Title</b>
September 5	Maricelis Acevedo International Programs, Cornell	A global wheat rust surveillance network for better disease management
September 12	Elsa Desnoues SIPS, PPPMB	TBD
September 19	Jim Bradeen Plant Pathology, University of Minnesota	Borrowing from neighbors: leveraging comparative genomics for improved plant disease resistance
September 26	Zach Hansen SIPS, PPPMB	TBD
October 3	Angela Douglas Departments of Entomology and Molecular Biology & Genetics, Cornell	TBD
October 10	Fall Break	TBD
October 17	Georg Jander Boyce Thompson Institute, Department of Plant Biology, Cornell	Genetic and biochemical diversity in maize defense responses
October 24	Jason Londo, USDA-ARS	TBD
October 31	Ying Sun SIPS, Soil and Crop Sciences	TBD
November 7	Noel Knight SIPS, PPPMB	Investigating <i>Fusarium</i> crown rot of wheat: qPCR and microscopy
November 14	Wayne Wilcox SIPS, PPPMB	TBD
November 21	Tom Bur SIPS, PPPMB	TBD
November 28	Abby Seaman NY State IPM	TBD
December 5	Megan Hall SIPS, PPPMB	TBD
December 12	Bruce Reisch SIPS, Horticulture	Grapevine Breeding for Resistance in the Era of Cheap Sequencing Technology
